

Scyon™ Linea™ weatherboard

What is it?

A 16mm thick horizontal weatherboard with deep shadow lines. Scyon™ Linea™ weatherboard is the weatherboard that weathers well.

Where do you use it?

In residential applications wherever a contemporary design is required, including external walls in composite construction, upper-storey and ground-level extensions, and internal feature walls.

What are the key benefits?

DESIGN OPTIONS. The 16mm thick profile creates consistent deep shadows. The range of corner finishing details – aluminium or Scyon™ Axent™ trim – means that a range of different looks can be achieved. The Linea™ window adaptor can be used for subtle window treatments or the Axent™ trim can provide a contrast. Face or concealed fixing rounds out the options.

EASY TO INSTALL. Linea™ weatherboards are back bevelled to sit flush with the stud. Paint application is fast because the pre-primed sheets mean less paint and time is needed to achieve a high-quality finish.

LOW MAINTENANCE. Linea™ weatherboard will maintain its integrity and general appearance significantly longer than timber. Some timber is susceptible to cracking in exterior applications, which in turn can lead to shrinking or warping. Linea™ will resist shrinking, swelling and cracking¹ to hold paint longer than wood, and can also be painted dark as well as light colours.

ENHANCES ENERGY EFFICIENCY. When Linea™ weatherboard is used with the right insulation and in accordance with the standard installation instructions, an R-Value of up to 2.8 can be achieved for the wall. Greater Total R-Values can be achieved through the use of cavity wall construction and reflective vapour permeable membranes. Refer to the James Hardie's Wall System Thermal Performance Total R-Values Technical Supplement for more information.

MADE FROM SCYON™ Linea™ weatherboard is made from Scyon™, the advanced lightweight cement composite with heavy-duty performance. Not only is it resistant to damage from termites, rot and fire*, but it can also be gun nailed and is easy to cut – like timber.

Linea™ weatherboard installation

What are the accessories?

| Accessory | Code | Page |
|--|--------|------|
| HardieBlade™ Saw Blade 185mm | 300660 | 51 |
| HardieBlade™ Saw Blade 254mm | 303375 | 51 |
| HardieDrive™ Screws 32mm long | 305532 | 51 |
| HardieDrive™ Screws 40mm long | 305533 | 51 |
| James Hardie™ 16mm Aluminium Internal Corner Mould | 305511 | 53 |
| James Hardie™ Joint Sealant* 300ml cartridge | 305534 | 54 |
| James Hardie™ Joint Sealant* 600ml sausage | 305672 | 54 |
| Linea™ Aluminium Corner Soaker for 150mm wide boards | 305574 | 55 |
| Linea™ Aluminium Corner Soaker for 180mm wide boards | 305572 | 55 |
| Linea™ Aluminium External Slimline Boxed Corner | 305512 | 55 |
| Linea™ Aluminium Universal Window Adaptor | 305510 | 55 |
| Linea™ PVC Box Corner Z Flashing | 305570 | 56 |
| Linea™ PVC Starter Strip | 305571 | 56 |

What are the sizes?

| Product | Product code | Length (mm) | Width (mm) | Thickness (mm) | End details | Coverage information | | |
|---------------------------|--------------|-------------|------------|----------------|-----------------|----------------------|-----------------------------|--------------|
| | | | | | | Effective cover (mm) | No. of planks/ metre height | Mass (kg/m²) |
| 150mm Linea™ weatherboard | 403930 | 4,200 | 150 | 16 | Tongue & Groove | 120 | 8.3 | 21.1 |
| 180mm Linea™ weatherboard | 403912 | 4,200 | 180 | 16 | Tongue & Groove | 150 | 6.7 | 21.1 |

Selling units per pack: 90 lengths

* When installed and maintained correctly and to the extent set out in James Hardie's published literature current at the time of installation.

^ Not to be used in fire applications.
