

EzyJamb®

Frameless Door Jamb

By EZ Concept®

Flush finish door jamb system that creates seamless clean lines & eliminates architraves

EzyJamb® Frameless Door Jamb

Providing a modern and defining feature to your project; EzyJamb conceals the door frame and creates square set interiors, as the unique frameless jamb system wraps the plasterboard during framing and blends seamlessly with the wall.

EzyJamb is made from premium BlueScope steel, to offer a more durable solution to traditional timber jambs. EzyJamb is specialty coated with Zincanneal ZF100, to meet the finished surfaces standard and ensure it can be painted immediately, achieving a smooth transition between the wall and door face. EzyJamb has successfully surpassed the 10,000 'Door Slam' Test, so you can rest easy knowing you're investing in a quality product for your project. EzyJamb door frames are available with a choice of RocYork Concealed, Herline or Lift-Off hinges that are designed to be used with the EzyJamb door frame.

Features & Benefits

Custom Made

To suit your requirements

Pre-finished Surface

Can be painted with the rest of the wall

Fast, Simple Install

Saves time

Economical

Money saving solution

Strong & Durable

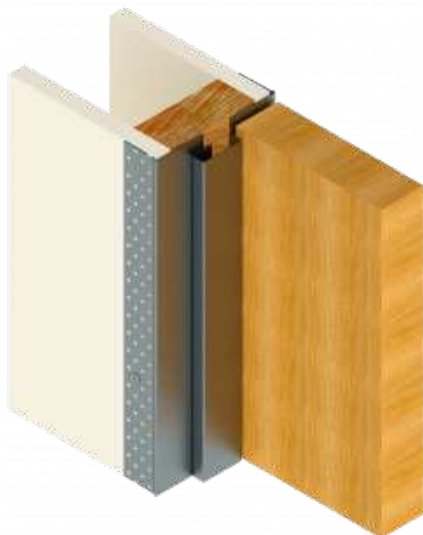

Made from BlueScope Steel & tested for endurance

EzyJamb is available in the following styles:

EZC | EzyJamb® Classic Adjust

EzyJamb Classic Adjust is a split-type door jamb system that creates inconspicuous clean lines to complete the contemporary look of architectural spaces.

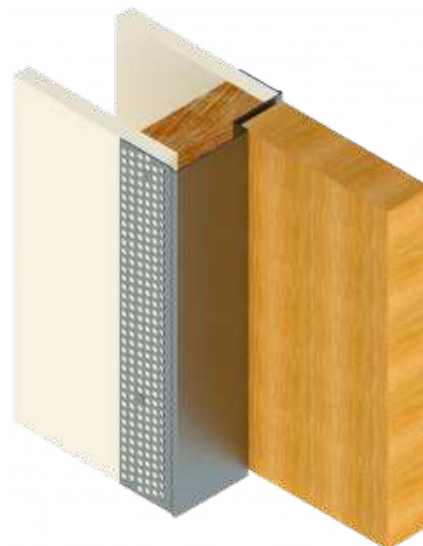

The two-piece jamb is adjustable to allow for various wall thicknesses, ensuring a smooth finish along the wall face.

SRC | EzyJamb® Single Rebate

The premium design of the EzyJamb SRC provides a smooth transition from one side of the door jamb, resulting in a trimless door for a minimalistic sophistication in apartments, homes and commercial buildings.

This one-piece frameless door jamb is made custom to perfectly suit your wall thickness for a flush finish.

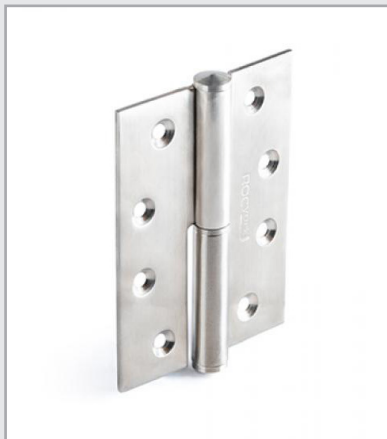

EzyJamb® Hinge Options

EzyJamb is available with three types of RocYork hinges...

Herline Hinges

Non mortise hinges are surface mounted, making them easy to install. Specially designed to partner with EzyJamb®.

Lift-Off Hinges

Ideal for doors that require a service gap, they can quickly be lifted and removed without unscrewing the hinge.

Concealed Hinges

Hidden from view to allow for continuous clean lines around the door frame. No visible barrel or pin.
