# METINNO®

2000D Series

Double Glazing System

- Consistent 32mm profile
- Achieve an acoustic rating up to RW/STC 46
- Interchanges with the Metinno 1000, 2000 & 5000 Systems

Control acoustics & achieve privacy in office spaces

With growing demand for high levels of acoustic performance, the Metinno 2000D system has been developed. Perfect for Manager's offices, conference rooms, board rooms and classrooms, this system creates a barrier to sound ensuring confidentiality and minimal disturbance between spaces.

Achieving an acoustic rating up to RW/STC 46, the Metinno 2000D system maintains its consistent 32mm face detail and integrates seamlessly with Metinno 1000, 2000 and 5000 systems.

2000D Series

Reduce noise transfer with double glazed design

The double glazed profile of the Metinno 2000D system provides a high level of acoustic performance required in many applications.

Designed to improve efficiency during the installation process while achieving an aesthetically pleasing finish with its 32mm profile, this system suited for 64mm steel stud integrates seamlessly with the Metinno 1000, 2000 and 5000 systems.
