Dear <<First Name>>,

The past 12 to 18 months have been a volatile period for the construction industry. In addition to dealing with rising material, personnel, freight, and energy costs, the industry is now affected with the unprecedented increase in gas and electricity prices in Australia.

Due to these rising manufacturing costs, we regret to inform you that we have been notified of the following price rise from Siniat Australia.

Minimum 17.5% on all Siniat Australian Made Plasterboard & Compounds delivered on or after January 3rd 2023.

We are working hard behind the scenes to try and negotiate this price rise as we understand the pressures and implications this may have on current projects. If successful, we will update you as soon as possible.

You can find a copy of the Siniat Price Rise Notification at the following link.

View the Siniat Price Rise Letter here

No special pricing for projects will be held unless prior arrangement has been made with your account manager in writing. We thank you for your loyalty and look forward to supplying your future needs.

Please do not hesitate to reach out to your Account Manager or our customer service team with any questions or queries on 8292 5000 or solutions@adxdepot.com.au. We make it a priority to keep our customers informed on any market developments that could impact your business and we are continually monitoring volatility in the markets and will provide updates as soon as we are advised.

Yours faithfully,

Daniel Wright
Sales and Marketing Director
