

Villaboard™ Lining

Villaboard™ Lining is a pre-sealed flat sheet with long edges recessed for flush jointing. Sanded smooth, Villaboard™ Lining is a seamless flat surface that can be painted, wallpapered or tiled to create a wide range of design looks.

Villaboard™ Lining is suitable for use as an internal wall and ceiling lining in bathrooms, laundries, kitchens and high-traffic areas in residential, medium-density and commercial buildings, where a durable wet area lining or a durable, seamless flat surface is required for tiles, wallpaper or paint. It can be used on either timber or light gauge steel framed buildings.

Product Code	Length (mm)	Width (mm)	Thickness (mm)	Weight per Unit ^a (kg)	Coverage per Sheet (m²)
--------------	-------------	------------	----------------	-----------------------------------	-------------------------

Villaboard™ Lining 6mm
